

CEDARVILLE PUBLIC SCHOOL

Website Project — Presentation Summary

"Enter to Learn, Leave to Serve"

Presented by: Age Thirty4 Technologies — www.agethirty4.co.za

Director: Someleze Mazwi

Presented to: School Governing Body (S.G.B.)

School Principal: Principal

A. INTRODUCTION

About the Company

Age Thirty4 Technologies is a technology solutions company specialising in web development, digital presence, and IT services for schools and organisations. Under the leadership of Director Someleze Mazwi, Age Thirty4 Technologies delivers professional, affordable, and locally hosted digital solutions.

Company website: www.agethirty4.co.za

The Project

We are pleased to present the official Cedarville Public School website — a modern, fully responsive digital platform designed to serve learners, parents, educators, and the broader community of Mzingisi Location, Cedarville, 4720, Eastern Cape.

School Profile

Detailed Information

Full Name	Cedarville Public School
School Type	No-Fee Public School
Principal	Principal
District	Alfred Nzo District
Grades	Grade R – 12
Motto	"Enter to Learn, Leave to Serve"
Location	No. 7 Mzingisi Location, Cedarville, 4720, Eastern Cape
Phone	073 200 3457
Email	info@cedarvillepublic.co.za

Website & Domain / Email Hosting

The website is built on modern, enterprise-grade technology and hosted by Age Thirty4 Technologies — ensuring local support, reliability, and data sovereignty. The package includes:

- Custom .co.za domain setup and configuration
- Professional email hosting linked to the school's domain
- SSL certificate (HTTPS) for secure browsing — included at no extra cost
- 99.9% uptime guarantee with dedicated server infrastructure

Digital Presence & SEO

Service	Description
Search Engine Optimisation (SEO)	Website is built with best-practice SEO so that Cedarville Public School appears prominently on Google search results.
Google Business Profile	Setup and optimisation of the school's Google Business listing — ensuring the school appears on Google Maps and local search.
Brand Identity	Consistent use of the school's official colours (Navy & Teal), logo, and motto across all digital touchpoints.

B. FUNCTIONALITIES

The Cedarville Public School website delivers the following key functionalities:

1. Display Website (Public-Facing Pages)

A beautifully designed, mobile-friendly website with the following pages:

Page	Description
Home	Hero banner with school images, news ticker, key statistics (74% matric pass rate), admission notices, and the school motto
About	School history, campus photos, and the Principal's Message
Staff	Full staff directory organised by category — Leadership, Departmental Heads, Class Teachers, and Support Staff
Admissions	Detailed information about the admissions process and requirements
Achievements	Academic results and Hall of Fame
Sport	Competitive sport offerings at district and regional level
Activities	Extra-curricular activities and programmes
Documents	Downloadable school documents and forms
Contact	Address, phone number (073 200 3457), email (info@cedarvillepublic.co.za), office hours, embedded Google Map

ACADEMIC ACHIEVEMENT

74% matric pass rate with continuous improvement in national examinations.

MULTILINGUAL SUPPORT

The website supports English, isiZulu, isiXhosa, and Sesotho — ensuring accessibility for the diverse community served by the school.

2. Online Applications

Parents and guardians can submit full online applications directly through the website — no need to visit the school in person. The system includes:

General Application Form — comprehensive multi-step process capturing:

- Learner personal details (name, DOB, ID, grade, home language, etc.)
- Parent/guardian information and previous school details
- Medical information and document uploads (Birth Certificate, Report Card, Parent ID, Proof of Residence, Transfer Letter, Immunisation Records)
- Automated student number generation upon submission
- Application status tracking — parents can check their application status online

3. Admin Portal

A secure, password-protected Admin Portal gives school administrators full control over the website — without needing any technical knowledge. This significantly reduces running costs as the school can update its own content independently.

APPLICATION MANAGEMENT FEATURES

Feature	Description
Auto-Capturing	Applications submitted online are automatically captured and stored — no manual data entry required
Auto-Sorting	Applications are automatically sorted and organised by date, grade, and status for easy review
Auto-Rejection	Applications that do not meet the required criteria are automatically flagged or rejected, saving administrative time

Content Management Modules:

Module	What It Does
News Editor	Add, edit, or remove news articles displayed on the homepage
About Editor	Update school history and principal information
Achievements Editor	Manage academic results and Hall of Fame entries
Documents Editor	Upload and manage downloadable school documents
Sport & Activities Editor	Manage sport and academic activities shown on the website
Applications Manager	Review, approve, or reject student applications
Contact Editor	Update phone numbers, email, address, and office hours
Student Documents Editor	Manage student-specific documents and reports

By empowering the school to manage its own content, the Admin Portal eliminates the need to pay for routine website updates, keeping ongoing costs low.

4. AI Chatbot Assistant

An intelligent AI-powered chatbot is available on every page of the website, providing instant assistance to visitors 24/7:

- Powered by advanced AI — understands natural language questions
- Answers queries about admissions, documents needed, school hours, and more
- Multilingual support — automatically detects and responds in isiZulu, isiXhosa, Sesotho, or English
- Application status lookup — parents can check their child's application status directly in the chatbot
- Pre-loaded quick questions for common enquiries

5. Parent & Student Portal

A secure portal designed to assist the school in uploading learner reports and communications, making them accessible to parents and guardians remotely:

- Parents who live far from the school can follow up on their child's education from anywhere
- Report access — academic reports uploaded by the school, viewable securely by parent/guardian
- School communications — important notices and documents shared through the portal
- 5-year record retention — all reports and communications remain accessible for up to 5 years

6. Email Integration

Professional email setup linked to the school's .co.za domain for official school communications.

C. FINANCIAL

Pricing Structure

Item	Amount
Once-off Setup Fee Includes: website design & development, .co.za domain registration, email setup, Google Business Profile, SEO configuration, ad	R5,750
Monthly Subscription Includes: hosting fee, server space, website upkeep, AI chatbot usage, domain renewal, email hosting, security updates, backups,	R200/month

Subscription Payment Plans

The monthly subscription can be paid in advance at a discounted rate:

Plan	Duration	Standard Cost	Discount	You Pay	Save
Monthly	1 month	R200	—	R200/month	—
Quarterly	3 months	R600	5%	R570	R30
Half-Yearly	6 months	R1,200	10%	R1,080	R120
Yearly	12 months	R2,400	15%	R2,040	R360

FLEXIBLE PAYMENT POLICY

In the event that the school is unable to pay the subscription fee at the required time, the school may communicate this to Age Thirty4 Technologies upfront. Services will not be cut off — we understand the financial realities facing schools and will work with the school to find a suitable arrangement.

Service Level Agreement (SLA)

- Response times for support requests
- Uptime guarantees (99.9%)
- Scope of included monthly services
- Content update turnaround times
- Data backup and security commitments
- Terms and conditions

Invoicing

- Once-off fee: Invoiced upon project commencement
- Subscription: Invoiced at the start of each billing period (monthly, quarterly, half-yearly, or yearly)
- Payment terms: As agreed in the SLA

SUMMARY

#	Benefit
1	Professional online presence — with a .co.za domain, SEO, Google Profile, and strong brand identity
2	Time-saving automation — online applications with auto-capturing, auto-sorting, and auto-rejection
